Daily three months... 3.00
Entered in the Tombstone postoffice as second class matter.

The EPITAPH is the only daily newspaper published in Cochise County.

CITY AND COUNTY OFFICIAL PAPER.

The Legislature will pass in its checks to-morrow, unhonored and unwept.

The Legislature will undoubtedly put a quietus on the Circuit Court bill.

It looks as though the President would call Congress together in an extra session. The defeat of the river and harbor and several other necessary bills seem to necessitate this expensive luxury.

The EPITAPH believes that it will be a benefit to the whole people to abolish the city government of Tombstone. We shall advocate its passage with all the ability we possess, and feel confident that it will be adopted.

Tombstone is rapidly assuming its old time appearance. The streets are beginning to be thronged as of old. We welcome the happy return. Business has advanced fully one hundred per cent in this city during the past six weeks, and the future is replete with rich promises of success and prosperity.

The EPITAPH predicts that the city of Tombstone will grow and prosper in a remarkable degree during the next four months. The outlying mines are now beginning to attract a considerable amount of attention, and ere many days roll by several of them will be worked to their fullest capacity.

Notwithstanding the many proclamations and assertions of the Los Angeles authorities, the small pox is raging to an alarming extent in that city. Small pox in Los Angeles and also in El Paso, yet not a precautionary measure is taken by our authorities. When it is too late the responsibility will be placed at their doors.

Notwithstanding the shafts of malice hurled at the great Republican commoner, Jas. G. Blaine, he invariably takes the right side on all public questions. His opinions on the silver question are as follows: "I believe the struggle now going on in this country, and in other countries, for a single gold-standard, would, if successful, produce wide-spread disaster in the end throughout the commercial world. The destruction of silver as money, and establishing gold as the sole unit of value, must have a ruinous effect on all forms of property, except those investments which yield a fixed return in money. These would be enormously enhanced in value, and would gain a disproportionate and unfair advantage every other species of property."

The Council have sounded the death knell of the county division proposition. Now two years at least of prosperity are before us. When our eastern neighbors realize that the division of Cochise county can only result disastrous to all concerned, should they succeed in their ambition and cut our county in twain nothing but dire consequences would ensue. The taxation, which now is almost alarmingly high, would soon reach an appalling figure, but on the other hand if the county is permitted to retain its present magnificent dimensions only a few years will elapse before we will be entirely free from debts of all descriptions. We take pride in the magnitude of this splendid domain, and a few more years will surely prove conclusively that it is for our common interest to keep our boundary lines intact.

The EPITAPH, in behalf of the grateful people of Cochise county, extends its sincere thanks to L. W. Blinn for his splendid services in defeating the county division scheme. It passed the House like a whirlwind, and it looked as though it would work its slimy fins through the Council, but thanks to our faithful representative in that body it found its Waterloo. The EPITAPH never yet questioned the integrity or honesty of purpose of Mr. Blinn. We have differed widely with the gentleman upon many public questions, but we always gave him credit for doing what he considered right and just and his labors on the bill in question was commendable in the extreme. Had Cochise county had a man of less ability in the Council the county division bill would in all probability have become a law, but every energy of our councilman was directed in the interest of its defeat, and how admirably he succeeded will be seen by our dispatches this morning.

COUNCIL.

The Council at War.

Special to the EPITAPH.

PRESCOTT, March 8.—The Council are holding an executive session and speculations are rife as to their intentions. Many people who claim to know, say that they are quarreling over the appointments of the Governor, which are as yet unknown outside of these Chambers, but it is thought that Tom. Farish, has been appointed Commissioner of Immigration, Hugo Richards Territorial Treasurer, and Bert Foster Auditor, and that the fight is upon the confirmation of Farish.

County Division.

Special to the EPITAPH.

PRESCOTT, March 8.—In the Council the bill to create Miles county, come up and resulted in a wordy war, Blinn, of Cochise, leading against the measure. Blinn made a masterly argument against the measure, and it was by his able efforts the scheme was laid to rest. The vote standing nine against and three for the bill. Ming, of Graham, is wild at the defeat of his pet scheme, and he threatens to secede from Cochise county.

HOUSE.

Circuit Court Bill.

Special to the EPITAPH.

PRESCOTT, March 8.—The Code Commission, have laid before the House, through the judiciary committee, the circuit court bill, and its champions are moving heaven and earth to secure its passage. But judging from the tone of the members of the House, it will fail to secure a majority. Your correspondent, heard an influential member remark today, "that when Arizona wanted new judges, they would enact a law so as the people could make their own selection, and not place such power in the hands of a federal appointee." This seems to be the sentiment of the majority of the House, and the chances are more than even that the bill will be tabled.

Pymante Explosion.

HUNTERS POINT, L. I. March 8.—The dynamite factory at Berchester exploded shortly after noon yesterday no particulars have been received.

Beecher's Death.

NEW YORK, March 8.—Henry Ward Beecher, began to sink slowly after midnight, and the watchers at his bedside soon saw that the end was near. Beecher passed quietly away while asleep. He never recovered consciousness after the paralysis stupified him.

Small Pox in Los Angeles.

LOS ANGELES, March 8.—Five new cases of small pox was discovered in this city to-day making in all thirty-three cases reported. Three have died and eight recovered. The cases are mostly isolated and no danger is feared of its becoming an epidemic.

A Serious Accident.

NEW YORK, March 8.—The large tailor establishment of Nicol the Tailor, in the Bowery, was destroyed by fire this morning. The fire caused a blockade on the Third avenue elevated road which runs far above Fourteenth street. The Conductor on the train which was blocked a few hundred feet from Fourteenth street station, notified the passengers that they could leave the train and walk over a narrow plank alongside of the track and thus make their way to the station.

A number availed themselves of this dangerous privilege and an awful accident was the result. In some manner a panic was started on the narrow walk far above the street, and a number of persons were thrown to the pavement below. It is stated that 7 were killed and many were injured.

LATER The official report of the accident shows that three persons were killed and seven others badly injured. It appears that a number of the passengers left one of the trains at seventeenth street and started to walk along the narrow foot path at the side of the track to the station at fourteenth street while doing so the blockade was relieved and cars began to start. The motion shook the pathway to such an extent that a number were thrown to the street below with the result as stated.

An Extra Session Probable.

NEW YORK, March 8.—The Tribune's Washington special says: People whose counsel is frequently sought for at the White House, state that the President, though anxious to avoid it if possible still contemplates an extra session of congress early in the Autumn. The financial situation it is expected will then be such as to need prompt action on the part of Congress. With regard to the surplus some action will not only be desirable but absolutely necessary. The failure of the river and harbor and deficiency bills becomes more serious as time passes. There is a well grounded fear entertained at the White House, that the Interstate Commerce, when put in operation will cause no end of trouble and litigation, and that its provisions will need to be radically and promptly amended by Congress.

Law Makers in Trouble.

DENVER, Col., March 8.—W. H. Aker, Deputy Sergeant at Arms of the House of Representatives, was arrested this morning on a warrant charging him with an attempt at bribery, there are now before the House, bills to regulate irrigating ditches, companies, pawn brokers, and one for high licenses for retail liquor dealers, and it is alleged that Aker offered a member one hundred dollars if he would cast his vote against those measures. It is also stated that Aker is only one member of a combination of seven formed to defeat these bills, the other six being members of the House and Senate.

Mining Stocks.

Yellow Jacket.....	5.00

A Legislative Reprimand.

SACRAMENTO, Cal., March 8.—The Assembly Chamber was crowded this afternoon. The resignation of Assistant Minute Clerk Ray Falk, who was to be reprimanded, was read, but it was refused acceptance. Speaker Jordan then delivered a reprimand, after which the proceedings of the House continued.

Supreme Court Decision.

SAN FRANCISCO, March 8.—The Washington Supreme Court has rendered a decision in the case of Thos. Baldwin, in error, against U. S. Marshal J. C. Franks. Baldwin was arrested under a warrant issued by the U. S. Commissioner, charging him with conspiracy to deprive the Chinese residents of Nicholas, California, of the protection of the U. S. laws by forcing them to leave that town. Baldwin applied to the Circuit Court for his discharge upon writ of habeas corpus, but was refused, and he appealed to the Supreme Court upon the ground that the charge made against him was not sufficient to justify his detention. Chief Justice Waite, of the U. S. Supreme Court, holds that the force used by Baldwin was against the Chinese people and not against the government in its efforts to protect him, and his conspiracy was to ill treat the Chinese and not to hinder

the U. S. in the execution of any measure to prevent such ill treatment. Justices Field and Harland dissented. Justice Field is of the opinion that a forcible deprivation of rights secured by treaty to the subjects or citizens of any nation is prevented by force of the execution of the law of the United States.

DR. FLINT'S HEART REMEDY.

It is Suicide to neglect any of the many forms of heart disease, though many do so. Read Dr. Flint's Treatise on Heart Disease, and if you have any symptoms thereof set forth, take Dr. Flint's Heart Remedy.

The Board of Supervisors of the County of Cochise will receive bids for carrying the insane to the Territorial Asylum at Phenix. The contract to be awarded will run to January 10, 1888. The bids must be accompanied with a good and sufficient bond in the sum of \$500, conditioned that the bidder will enter into a contract within ten days should the same be awarded him, the same must and be filed with the Clerk of the Board before April 4th, 1887, at which time the bids will be opened. The Board reserves the right to reject any bid.

Dated March 2nd, 1887.
By order of the Board,
A. R. ENGLISH, Clerk.

The Latest and Greatest Discovery.

Dr. De Pratt's Hamburg Figs—a crystallized fruit cathartic. A boon to every household. A most delicious laxative or purgative, prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious to adults that a single dose will prove their value, and so elegant a preparation that it needs only to be presented to the public to become a necessity in every household throughout the land. For liver complaints habitual constipation, indigestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable; they are positively unfailing in their action, and this is the only medicine ever offered to the public that is acceptable to the taste, and so pleasant that children will eat the figs as eagerly as candy. For sale by every druggist throughout the world. Price 25 cents a box. J. J. Mack & Co., Prop's., 9 and 11 Front street, San Francisco, Cal.

Fruit Trees.

Peach, apricot, plum, cherry, nectarine, apple, pear, fig, quince, and umbrella trees, grapevines, rose bushes, small fruit and house plants and bulbs sold by J. H. Tuttle, 2d street, between Allen and Fremont, Tombstone.

Heart Disease!!

Read the hospital reports, read the mortuary reports, read the medical publications, read the daily newspapers, and learn how wide-spread is heart disease, how difficult of detection it is to most people, how many and how sudden are the deaths it causes. Then read Dr. Flint's Treatise on Heart Disease, and learn what it is, what causes it, what diseases it gives rise to, what its symptoms are and how it may be attacked. If you find that you have heart disease, ask your druggist for a bottle of DR. FLINT'S HEART REMEDY. The treatise may be had on application to

J. J. Mack & Co.,
Nos. 9 and 11, Front,
San Francisco

Cheap! Cheap! Cheap!

Furniture, new and second-hand carpets, pictures, sewing machines, window shades, table oil cloth, feathers, three large iron safes, one nearly new. Everything from a needle to an anchor. Give me one trial and be convinced.

GEO. E. KOHLER,
1m Opposite Bird Cage Theatre.

Whiskey brings more misery upon the human family than war, famine and pestilence combined. There is but one rational course to pursue for the inebriate and that is a treatment that destroys the appetite for rum. Such is the Acme. Read their advertisement in another column.
